January 24, 2019

To Whom It May Concern:

Attn: Travel Consultants

We have selected your airline to take Provincial Athletes, Coaches and Team Canada athletes and coaches, to the Canadian Team Trials in Montreal, May 16 – 20, 2019. This Championship is for Canadian bowlers ages 13 to 60+ coming from all Provinces and some coming from other countries if they are in a university program. All athletes will be competing for Team Canada 2020. There are three divisions: Adult, Youth, and Senior.

These athletes not only represent their Provinces and Canada they represent the Canadian Tenpin Federation. This National Sport Organization is registered as a Charity under the Canadian Amateur Sport Organization that selects and supports Team Canada members that travel to National and International Tenpin Competitions.

The sport of tenpin bowling requires our team members to travel with additional or overweight baggage that often exceeds your baggage limits in order to compete at these competitions. Due to limited funding from Sport Canada our athletes are required to use their own funding for travel and additional expenses.

The Canadian Tenpin Federation requests your help; that you waive these additional baggage expenses for our team members traveling to these and other venues and competitions.

Your assistance in this matter is greatly appreciated in helping our team members reach their goals.

Respectfully;

Cathy Innes
Executive Director
Canadian Tenpin Federation
